

THE TOP TEN WAYS TO

Choose Your Cosmetic Surgeon

by *Therese Holden RN, BSN*

- 10 Does the plastic surgeon operate at their own accredited facility?**
The *Mandell-Brown Plastic Surgery Center* is state licensed by the Ohio Department of Health, Medicare approved, and AAAHC (Accreditation Association for Ambulatory Health Care).
- 9 Who performs anesthesia at the surgery center?**
The *Mandell-Brown Plastic Surgery Center* has a full time anesthesia provider who specializes in cosmetic surgery. Both general anesthesia and sedation anesthesia are available.
- 8 Is the surgery center near a hospital?**
The *Mandell-Brown Plastic Surgery Center* is one block from Bethesda North Hospital. Therefore, if a true emergency should arise, the hospital is nearby.
- 7 Does the cosmetic surgeon utilize computer imaging?**
We utilize computer imaging to show potential nose reshaping, face lift changes, and eyelid lifting to help communicate our goals to the patient and to share the patient's input.
- 6 Does the plastic surgeon teach other doctors?**
The *Mandell-Brown Plastic Surgery Center* features a large seminar room where doctors can see surgery performed in the operating room. We sponsor a course on Breast Augmentation or the American Academy of Cosmetic Surgery.
- 5 Does the staff treat you with courtesy and compassion?**
Our staff continuously receives high marks from patient surveys---how kind, caring , and going the extra step to help them.
- 4 Is the cosmetic/plastic surgeon board certified?**
With over 20 years of experience, Dr Mandell-Brown is the area's only triple board certified facial plastic and body cosmetic surgeon.
- 3 Does the surgeon perform natural appearing cosmetic surgery?**
Dr Mandell-Brown is known nationally for his "Natural Look" cosmetic surgery. He avoids the overdone plastic look. He is an artist and perfectionist and strives to achieve the patient's goals.
- 2 Does the cosmetic center offer free consults?**
Typically, you get what you pay for. Practices with free consults typically have non-physician providers perform the consultation and time with the doctor is limited. *Dr Mandell-Brown* spends @30 to 60 minutes with the patient to review their goals and procedure options.
- 1 Do you get to see examples of the doctor's work?**
Not all surgeons are the same. Make sure you see the doctor's own before and after examples.
